A wire transfer is an electronic transfer of money. In the case of a bank-to-bank transfer, no actual cash is exchanged, but electronic balances in the respective accounts are adjusted accordingly. Wire transfers can be a very secure method of exchanging funds.

Please fill out the following information below and present this document to your current financial institution to proceed with wiring funds to your DFCU Financial account.

Funds Should Be Wired To the Following:

DFCU Financial Account Holder Name	
DFCU Financial Account Number	Account Type ☐ Checking ☐ Savings ☐ Money Market ☐ Other: _____
Account Holder Street Address	
City/State/Zip

IMPORTANT: Fees may be assessed by the sending bank, or if applicable, any intermediary banks. DFCU Financial cannot determine if fees will be charged. DFCU can directly accept wires from foreign institutions using a BIC code. The foreign institution can use DFCFUS32 in the same manner as a SWIFT code.
